

Everlast® Advanced Composite Siding

Matching Sherwin Williams Paint Colors

Follow steps at the bottom of the page for Everlast Color Formulations.

It is always best to have a sample piece of the color you are trying to match for validation. Paint must be completely dry prior to validation.

SW Employees – Please access color formulas through “SherLink”>“Marketing Tab”>“National Account Client Management System”>then enter “Everlast” into the Customer Name Search Box.

* PVC/Vinyl Safe Formula.

** Saddle Wood - Caution this is not a PVC/Vinyl Safe formula and is a “B” color match for trim.

Please Note: Sherwin Williams is solely responsible for SW color match paint formulations, color match and warranty. SW paint formulation may not be an exact match due to sheen, surface texture and SW color mix variation.
